MEN'S DISEASES CURED

Dr. O. C. JOSLEN
Reliable Specialist

There is no ailment peculiar to men that I cannot cure, or fifteen years men's diseases have received my individual attention. My methods of treatment have been perfected in the light of thorough knowledge and experience and I positively cure even the most advanced cases. I am the only physician thoroughly and permanently curing those functional derangements commonly classed as "weakness," and my success in overcoming such cases has placed me foremost among specialists treating men's diseases, and has brought me the largest practice of its kind in the west.

Write Dr. Joslen

Every afflicted man is invited to write me a description of his case. Such is my knowledge of men's diseases and so perfect are my methods of treating them, that I am able to effect cures in all ordinary cases without seeing the patient in person. All correspondence strictly confidential. Those visiting Los Angeles may feel free to call at my office for personal consultation.

"Weakness"

If other physicians have treated you for so-called "weakness" you were helped only temporarily if at all, and the reason is very apparent when the cause of loss of power in man is understood. "Weakness" isn't a weakness at all, but is merely a symptom of chronic inflammation in the prostate gland. My system of local treatment removes this inflammation, and is the only treatment that ever has or ever can permanently restore strength and vigor.

Contracted Disorders.

Many men make the mistake of attempting to cure themselves by the use of patent nostrums. All contracted diseases are dangerous unless treated promptly and scientifically. A partial cure may result in loss of sexual power through injury to the prostate gland. My treatment is prompt and absolutely infallible.

Free My colored chart showing the male anatomy and affording an interesting study in men's diseases. This is something that every man should possess, and I mail it free upon request.

Specific Blood Poison.

I permanently cure this most hideous of all blood diseases. I employ harmless, blood cleansing remedies that positively drive the very last taint of virus from the system, and every symptom vanishes to appear no more.

Varicocele.

I cure varicocele by absolutely painless treatment. No cutting, no caustic. A permanent cure accomplished in one week's time.

Stricture.

My treatment for stricture is entirely independent of surgery. A complete cure is accomplished without cutting or dilating. All growths and obstructions in the urinary passage are dissolved, the membranes cleansed, and all irritation or congestion removed throughout the organs involved.
